

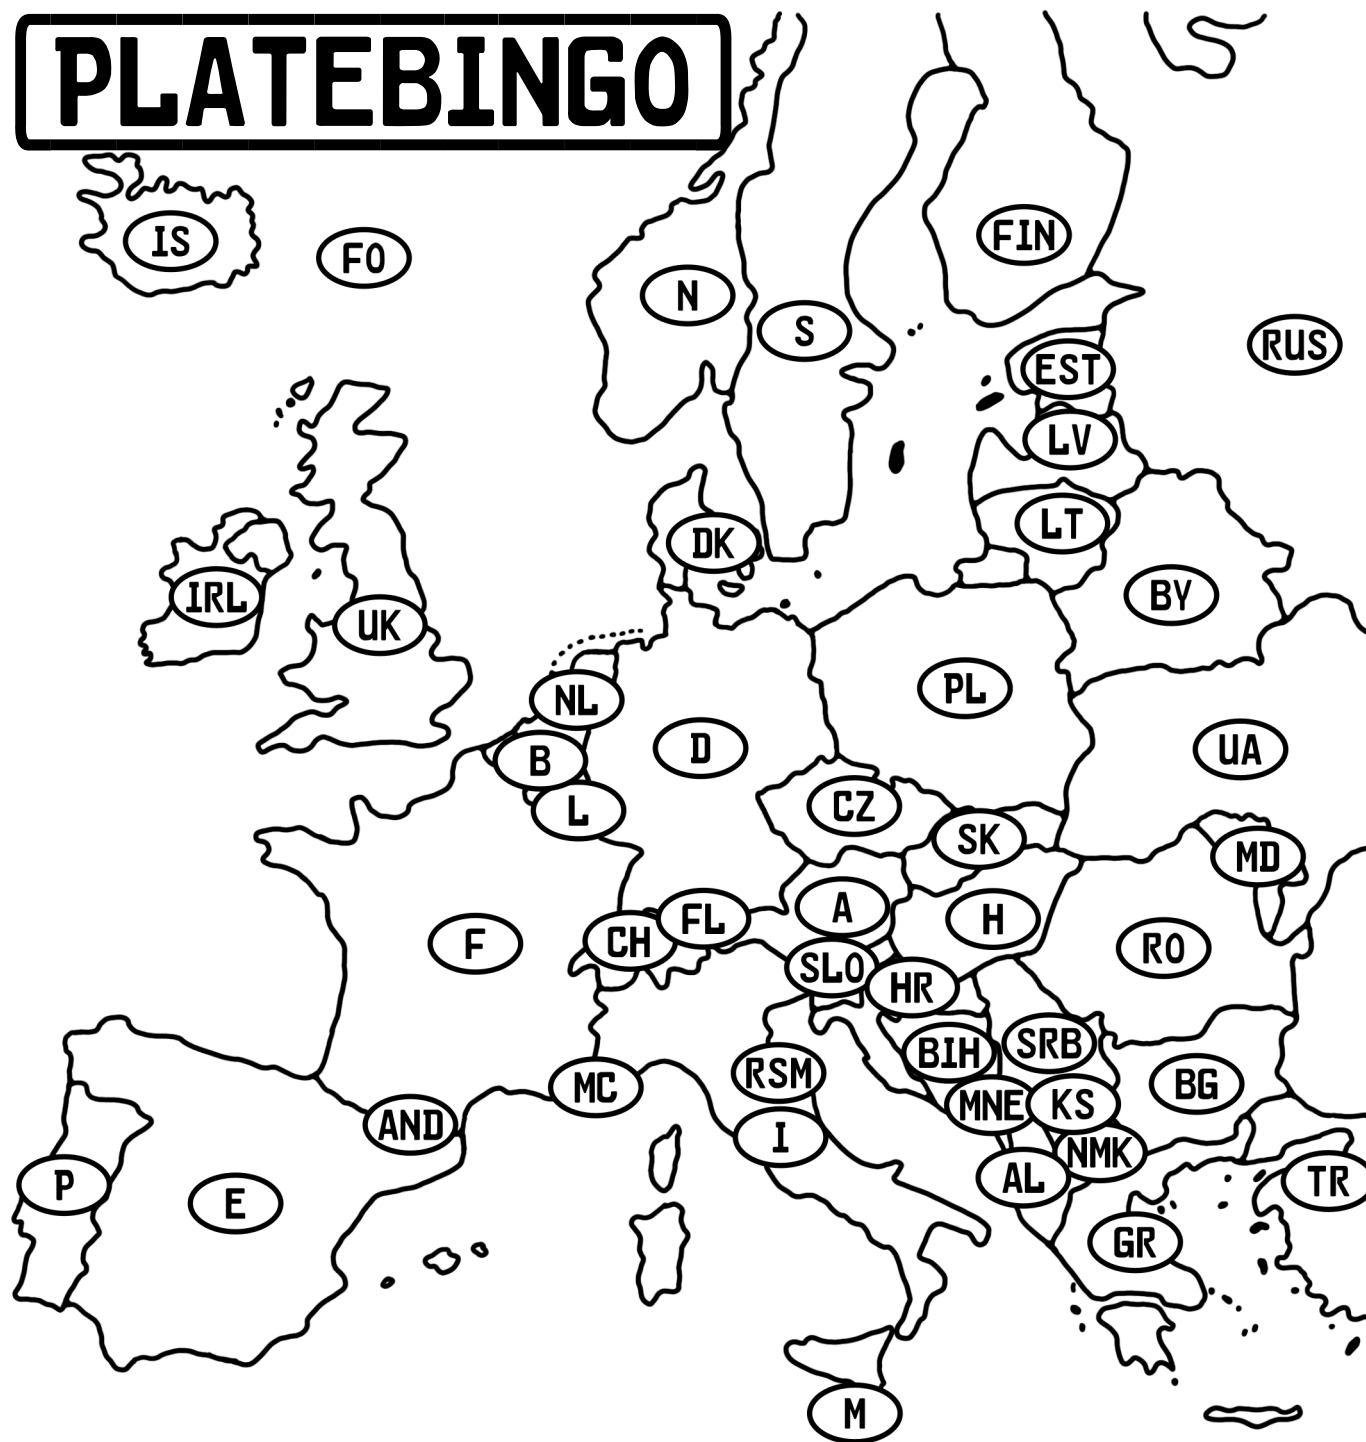

PLATEBINGO

HOW DOES IT WORK?

On the left side of each license plate are small letters indicating the country where the car is from. Find the letters on the map for each car and color it in. Can you find a car from every country in Europe?

SOMETHING DIFFERENT?

Some countries do not have small letters on the left side. Here's how you can recognize them:

Liechtenstein (FL) - black license plates with white letters 'FL'

Russia (RUS) - 'RUS' at the bottom right
San Marino (RSM) - 'REPUBBLICA DI SAN MARINO' under a shield

Switzerland (CH) - red shield with a white cross on the left

RKS is Kosovo (**KS**), **GB** is United Kingdom (**UK**) and **MK** is North Macedonia (**NMK**)

HAVE FUN!
